

LESSON PLAN · An Email from College · PART 2

Academic Year	2026–2027	Subject	English
Grade	9 General	Teacher	Ms. Saidah Khwar
Duration	45 minutes	Chapter / Skill	Chapter 1 · Writing

Objectives

- Recall and use prepositions for location and direction.
- Use map and text clues to identify campus locations.
- Complete location sentences accurately using a town map.
- Review the essential parts of a friendly email.

Success Criteria

Students can identify the target language/structure accurately, explain their choices, and apply it in a short writing or speaking response.

Keywords

across from · in · next to · on · on the corner of · student store · sports center · health center · tech-support center

HOT / Deep Thinking Question

Which location description would be clearest for a new student who has never visited the campus, and why?

Stage / Time	Learning Activity	Teacher Role	Student Role	AFL / Evidence	Grouping
Starter · 8 min	Campus map review: students recall direction/location words they already know.	Elicit language without giving answers first; model with two locations.	Point, describe and compare locations orally.	Correct use of location phrases.	Pairs → whole class
Main 1 · 17 min	Pages 16–17: use Sunny's campus map and email clues to locate six places (student store, coffee shop, sports center, health center, pizza parlor, tech-support center).	Guide students to connect textual clues with map positions; reveal answers one by one.	Read clues, locate places, write letters and explain.	Correct map letters and evidence from text.	Pairs
Main 2 · 15 min	Page 18: study the town map and complete five sentences using across from, in, next to, on, on the corner of.	Model one example, monitor and reveal answers sequentially.	Read map, choose phrase, justify and self-check.	Accurate preposition choice in all five sentences.	Individual → pair
Exit · 5 min	Picture 15: review Greeting, Opening Paragraph, Number of Paragraphs, Topic of Each Paragraph, Closing Statement and Signature.	Prompt each item and reveal one by one.	Name each part and explain its purpose.	Students identify all six email-writing features.	Whole class

Differentiation

H: justify choices and extend responses with supporting details. M: complete the core task using prompts and key vocabulary. L: use visuals, word banks, sentence frames and peer/teacher modelling.
