

The English and Business Administration Department Action Plan for School Projects/Activities for the Academic Year 2026–2027

Inspection and Evaluation Framework Standards (Irtiqa’a) (Select the appropriate standard for the goal)	1 Quality of Student Achievement	2 Quality of Personal and Social Development and Innovation Skills		3 Effectiveness of Teaching and Assessment Processes	4 Quality of Curriculum					
	5 Quality of Student Protection, Care, Counseling, and Support	6 Effectiveness of School Leadership and Management								
Strategic Objective of the MOE’s Operational Plan: Improve students' reading achievement through data-driven differentiated instruction based on individual needs. MOE’s Operational Plan Performance Indicators: Reading achievement; reading growth; differentiated instruction; targeted intervention; progress monitoring.				Supporting Data: Diagnostic assessments showed varied reading proficiency requiring systematic differentiation.						
Project/Activity Title: Adaptive Reading Platform for Personalized Learning Brief Description of the Project/Activity: Teacher-created digital reading platform that pre-assesses students, automatically assigns reading levels and personalized resources, tracks progress, and supports intervention and enrichment.				SMART Objective1: By June 2027, 100% of students complete a diagnostic reading assessment, are streamed into reading levels, receive differentiated resources, and at least 80% achieve expected annual reading growth.						
Team Leader: English coordinator				Team Members: English teachers						
Procedures (Detail the actions the team members will implement)	Target Group	Implementers	Follow-up	Budget and Required Resources	Timeline		Success Indicators (Implementation Indicators) Percentage/Number Only	Expected Impact	Tools to Measure Impact	Evidence Source
					Start	End				
Design and implement diagnostic assessment	Grades 5–12	English teachers	English coordinator	Platform	Sep 1 2026	Sep 4 2026	100% assessed	Baseline established	Platform reports	Assessment reports
Stream students into levels	Grades 5–12	English teachers	English coordinator	Dashboard	Sep 7 2026	Sep 9 2026	100% placed	Differentiation	Placement reports	Level reports

Assign differentiated resources	Grades 5–12	English teachers	English coordinator	Digital library	Sep 10 2026	Sep 11 2026	100% assigned	Engagement	Analytics	Reading logs
Monthly progress monitoring	Grades 5–12	English teachers	English coordinator	Assessments	Sep 2026	June 2027	90% completion	Continuous improvement	Progress reports	Data reports
Intervention & enrichment	Grades 5–12	English teachers	English coordinator	Reading resources	Sep 2026	June 2027	80% improve one level	Higher achievement	Comparison reports	Intervention records
Final evaluation	Grades 5–12	English teachers	English coordinator	Platform	June 3 2027	June 10 2027	80% meet growth	Program impact	Final analysis	Impact report
First Review Date: Jan 5 2027					Second Review Date: April 10 2027					
Modified Procedures (Any Adjustments for Implementation):					Modified Procedures (Any Adjustments for Implementation):					

Inspection and Evaluation Framework Standards (Irtiqa’a) (Select the appropriate standard for the goal)	1 Quality of Student Achievement	2 Quality of Personal and Social Development and Innovation Skills		3 Effectiveness of Teaching and Assessment Processes	4 Quality of Curriculum					
	5 Quality of Student Protection, Care, Counseling, and Support	6 Effectiveness of School Leadership and Management								
Strategic Objective of the MOE’s Operational Plan: Improve students' reading achievement through data-driven differentiated instruction based on individual needs. MOE’s Operational Plan Performance Indicators: • Schools implement programs to develop reading and writing skills. • Student progress is monitored through diagnostic, formative and intervention data. • Lesson planning integrates innovation and future skills.				Supporting Data: Writing assessment data indicates a need for authentic writing opportunities. Student surveys show strong interest in creative writing, publishing and illustration.						
Project/Activity Title: From Author to Publisher: Student Book Creation Program Brief Description of the Project/Activity: Students complete the full publishing journey: story writing, illustration, editing, book design, publishing and showcasing their work in the school and within the cluster.				SMART Objective2: By June 2027, at least 80% of participating students will publish an original book or collaborative publication and demonstrate measurable improvement in writing.						
Team Leader: English coordinator				Team Members: English teachers						
Procedures (Detail the actions the team members will implement)	Target Group	Implementers	Follow-up	Budget and Required Resources	Timeline		Success Indicators (Implementation Indicators) Percentage/Number Only	Expected Impact	Tools to Measure Impact	Evidence Source
					Start	End				
Launch program and recruit students	Grades 5 – 12 students	English Dept.	English coordinator	Forms	Sep 9 th 2026	Sep 11 th 2026	100% registered	High engagement	Registration records	Participant list
Creative writing workshops	Grades 5 – 12 students	English Teachers	English coordinator	Writing resources	Sep 12 th 2026	Sep 13 th 2026	90% attendance	Improved writing	Rubrics	Drafts

Illustration, editing & design	Grades 5 – 12 students	Eng./Art/ICT	English coordinator	Canva & art materials	Oct 1 st 2026	May 20 th 2027	100% manuscripts	Quality books	Project rubric	Draft books
Publish books	Grades 5 – 12 students	Project Team	English coordinator	Digital Publications	June 1 2027	June 15 2027	80% published	Authentic products	Publication log	Published books
Exhibition & Book Fair submission	Grades 5 – 12 students	Project Team	English coordinator	Display materials	June 16 2027	June 16 2027	Exhibition held with 80% success rate	Community engagement	Feedback	Photos & submissions
First Review Date: Jan 5 2027					Second Review Date: April 10 2027					
Modified Procedures (Any Adjustments for Implementation):					Modified Procedures (Any Adjustments for Implementation):					

Inspection and Evaluation Framework Standards (Irtiqa’a) (Select the appropriate standard for the goal)	1 Quality of Student Achievement	2 Quality of Personal and Social Development and Innovation Skills	3 Effectiveness of Teaching and Assessment Processes	4 Quality of Curriculum
	5 Quality of Student Protection, Care, Counseling, and Support	6 Effectiveness of School Leadership and Management		
Strategic Objective of the MOE’s Operational Plan: Develop students' literacy, communication, creativity, and future-ready skills by providing authentic learning experiences that improve reading, writing, vocabulary, collaboration, and innovation through project-based learning. MOE’s Operational Plan Performance Indicators: • 100% of schools implement programmes that develop students' reading and writing skills. • 100% of schools maintain evidence of student progress through formative assessment and authentic learning products. • 80% of lesson planning integrates innovation, creativity, future skills, and inquiry-based learning. • 90% of students participate in literacy enrichment programmes that enhance English language proficiency.		Supporting Data: Internal assessment data, classroom observations, and writing samples indicate the need for more authentic literacy experiences that strengthen reading comprehension, vocabulary acquisition, creative writing, and communication skills. Student voice surveys also show high engagement when learning is project-based and linked to real audiences. This initiative provides meaningful opportunities for students to apply literacy skills by producing digital storybooks for younger learners and demonstrating vocabulary understanding through visual interpretation of English idioms.		
Project/Activity Title: Young Authors Digital Storybook & Idiom Illustration Gallery Walk Brief Description of the Project/Activity: The initiative combines creative writing, reading, vocabulary development, and digital literacy through two authentic literacy projects. Cycle 3 students collaboratively write and digitally illustrate children's storybooks using Canva to create engaging reading material for younger students while developing writing, editing, and publishing skills. Students also work in pairs or groups to interpret English idioms through comics and visual posters, which are displayed during an interactive Idiom Gallery Walk . Both projects promote creativity, collaboration, communication, and meaningful		SMART Objective3: By June 2027 , 90% of participating Cycle 3 students will successfully complete either a digital storybook or an idiom illustration project, demonstrating measurable improvement in reading comprehension, creative writing, vocabulary application, and collaboration skills, while producing authentic learning products that are showcased within the school community.		

application of English language skills while providing students with authentic audiences for their work.

Inspection and Evaluation Framework Standards (Irtiqa'a) (Select the appropriate standard for the goal)	1 Quality of Student Achievement	2 Quality of Personal and Social Development and Innovation Skills	3 Effectiveness of Teaching and Assessment Processes	4 Quality of Curriculum						
	5 Quality of Student Protection, Care, Counseling, and Support	6 Effectiveness of School Leadership and Management								
Strategic Objective of the MOE's Operational Plan: Develop students' communication, critical thinking, leadership, and public speaking skills through structured debate and authentic speaking opportunities. MOE's Operational Plan Performance Indicators: Speaking proficiency; debate participation; communication skills; critical thinking; student engagement.		Supporting Data: Speaking observations and classroom assessments indicate a need for structured opportunities to develop confidence, public speaking and debate skills.								
Project/Activity Title: Future Voices: Public Speaking & Debate Program Brief Description of the Project/Activity: The Future Voices: Public Speaking & Debate Program is a Cycle 3 English Department initiative designed to develop students' public speaking, communication, critical thinking, and persuasive argumentation skills through authentic debate experiences. Students receive structured training in speech organization, persuasive speaking, argument development, rebuttal techniques, and effective presentation skills before applying these skills in classroom debates and competitive events. The program provides students with meaningful opportunities to express and defend their viewpoints, collaborate with peers, think critically, and communicate confidently in English. Outstanding participants are recognized through debate awards and the Best Orator Award, fostering a culture of academic excellence, leadership, and effective communication.		SMART Objective4: By the end of Term 2, at least 85% of participating students will demonstrate measurable improvement in public speaking and debate skills according to the school debate rubric, while all grade levels successfully participate in debate competitions, culminating in the Cycle 3 Debate Championship.								
Team Leader: English coordinator		Team Members: English teachers

Modified Procedures (Any Adjustments for Implementation):					Modified Procedures (Any Adjustments for Implementation):					

Inspection and Evaluation Framework Standards (Irtiqa’a) (Select the appropriate standard for the goal)	1 Quality of Student Achievement	2 Quality of Personal and Social Development and Innovation Skills	3 Effectiveness of Teaching and Assessment Processes	4 Quality of Curriculum
	5 Quality of Student Protection, Care, Counseling, and Support	6 Effectiveness of School Leadership and Management		
Strategic Objective of the MOE’s Operational Plan: Improve students' English language achievement by strengthening vocabulary acquisition and promoting the accurate, independent use of newly learned words in reading, speaking, and writing through collaborative and engaging learning experiences. MOE’s Operational Plan Performance Indicators: Vocabulary achievement and growth; improvement in reading, speaking, and writing; active student participation; collaborative learning; regular formative and post-assessment; differentiated support and enrichment.		Supporting Data: Assessment data, students' written work, and classroom observations show that students need repeated exposure to new vocabulary and meaningful opportunities to apply it in speaking and writing. A structured weekly vocabulary program will support retention, accurate usage, confidence, and overall English language development.		
Project/Activity Title: Word Jar: Vocabulary in Action Program Brief Description of the Project/Activity: The Word Jar: Vocabulary in Action Program is an English Department initiative designed to strengthen vocabulary acquisition through continuous practice, collaboration, and authentic language use. Each week, students collect newly learned words in a classroom 'Words I Learned' Jar, recording each word with its meaning, part of speech, example sentence, synonym or antonym, and a supporting visual when appropriate. Working in groups, students revisit the collected words through activities such as charades, Pictionary, Taboo, synonym matching, sentence building, dialogues, and micro-stories. At the end of each week, groups draw words from the jar and complete a self-assessment task by using them accurately in meaningful sentences or short written pieces. Vocabulary learning is		SMART Objective5: By June 2027, 100% of participating classes will maintain and use a weekly Word Jar, at least 90% of students will participate in collaborative vocabulary activities and self-assessment, and at least 85% of students will demonstrate measurable improvement in accurately using newly learned words in sentences, paragraphs, and speaking tasks according to vocabulary post-assessments and writing rubrics.		

displayed through a Word of the Week board, Vocabulary Tree, Idiom Corner, group word chains, and QR codes linked to student pronunciation recordings and model sentences. Monthly post-assessments in writing and speaking, peer feedback, and Vocabulary Champion recognition will measure progress, promote long-term retention, and encourage confident use of new vocabulary.

Inspection and Evaluation Framework Standards (Irtiqa'a) (Select the appropriate standard for the goal)	1 Quality of Student Achievement	2 Quality of Personal and Social Development and Innovation Skills	3 Effectiveness of Teaching and Assessment Processes	4 Quality of Curriculum						
	5 Quality of Student Protection, Care, Counseling, and Support	6 Effectiveness of School Leadership and Management								
Strategic Objective of the MOE's Operational Plan: Develop students' academic writing, communication, collaboration, and leadership skills through authentic cross-cycle learning experiences that promote peer teaching, literacy development, and active student engagement. MOE's Operational Plan Performance Indicators: • 100% of schools implement programs that develop reading and writing skills. • 100% maintain evidence of student progress through authentic learning activities. • 80% of lesson planning integrates collaboration, innovation and student leadership. • 90% of students participate in literacy enrichment programs.		Supporting Data: Internal writing assessments indicate that students benefit from authentic writing experiences and peer collaboration. Cross-cycle learning strengthens academic writing, communication, collaboration, and leadership skills.								
Project/Activity Title: The Writing Train Brief Description of the Project/Activity: The Writing Train Initiative is a cross-cycle literacy project where Grade 12 students guide Grade 5 and Grade 6 students through interactive writing stations representing each stage of the writing process. Students collaborate through planning, drafting, editing, educational games, and writing challenges while developing academic writing, peer mentoring, and communication skills.		SMART Objective6: By the end of Term 1, at least 90% of participating students will successfully complete the Writing Train activities and demonstrate measurable improvement in academic writing skills using the school writing rubric while participating in collaborative cross-cycle learning experiences.								
Team Leader: English coordinator		Team Members: English teachers

	5 Quality of Student Protection, Care, Counseling, and Support	6 Effectiveness of School Leadership and Management								
Strategic Objective of the MOE’s Operational Plan: Develop students' writing fluency, confidence, and written communication through consistent daily writing practice and formative assessment. MOE’s Operational Plan Performance Indicators: • 100% implement writing development programs. • 100% maintain evidence of student progress. • 90% student participation. • Improved writing achievement.				Supporting Data: Writing assessments indicate students need more frequent opportunities to write independently. Daily low-stakes writing increases fluency, confidence, vocabulary, and sentence construction.						
Project/Activity Title: Daily Writing Journal Brief Description of the Project/Activity: Students maintain a personal writing journal and complete a 1–2 minute daily writing activity based on lesson topics, vocabulary, pictures, stories, or personal experiences. Students track their writing growth by recording daily word counts and reflecting on their progress over time.				SMART Objective7: By June 2027, at least 90% of participating students will demonstrate measurable improvement in writing fluency, vocabulary, and sentence construction through daily journal writing and formative assessment.

Inspection and Evaluation Framework Standards (Irtiqa'a) (Select the appropriate standard for the goal)	1 Quality of Student Achievement	2 Quality of Personal and Social Development and Innovation Skills	3 Effectiveness of Teaching and Assessment Processes	4 Quality of Curriculum
	5 Quality of Student Protection, Care, Counseling, and Support	6 Effectiveness of School Leadership and Management		

Strategic Objective of the MOE's Operational Plan: Alignment of education outputs with future skills and advancement of the quality and efficiency of educational institutions and employees. MOE's Operational Plan Performance Indicators: At least 80% of lesson planning links innovation, future skills, and inquiry-based learning; 80% of teachers implement integrative projects between subjects; 90% of teachers implement innovative and creative projects, programs, and activities.	Supporting Data: Grade 9 and 10 students need structured practical opportunities to develop entrepreneurial thinking, problem-solving, teamwork, and marketing communication skills. This initiative supports students in generating a realistic virtual business idea, identifying a problem, defining a target audience, and developing an initial marketing concept through guided Business Studies lessons within the English Department.
---	---

Project/Activity Title: Entrepreneurial Launch Initiative Brief Description of the Project/Activity: A practical Business Studies initiative implemented during Term 1 under the English Department. Grade 9 and 10 students work in groups to develop a realistic virtual business idea, complete the STREAM Project Booklet, identify the problem and target audience, and prepare an initial marketing concept using clear business vocabulary and communication skills.	SMART Objective1: By 30 October 2026, 100% of participating Grade 9 and 10 student groups will submit a completed initial entrepreneurship project concept that includes a realistic business idea, identified problem, target audience, value proposition, and basic marketing concept through the STREAM Project Booklet and guided classroom support.
--	--

Team Leader: Laila Saleh					Team Members: Grade 9 + Grade 10 English Teachers					
---------------------------------	--	--	--	--	--	--	--	--	--	--

Procedures (Detail the actions the team members will implement)	Target Group	Implementers	Follow-up	Budget and Required Resources	Timeline		Success Indicators (Implementation Indicators) Percentage/Number Only	Expected Impact	Tools to Measure Impact	Evidence Source
					Start	End				
Implement 5 training lessons within Business Studies to introduce entrepreneurship, idea generation, problem identification, target audience, and value proposition.	Grade 9 and 10 students	Laila Saleh	Laila Saleh monitors lesson progress and participation.	Lesson plans, PowerPoint, worksheets, classroom resources	Beginning of Term 1	30 October	100% of students participate in training lessons.	Students connect business concepts to real-life situations.	Teacher observation, lesson reflection, participation	Lesson plans, photos, PowerPoint
Guide students through the STREAM Project Booklet to develop their project idea step by step.	Grade 9 and 10 students	Laila Saleh with Grade 9 and Grade 10 teachers	Booklets checked during lessons.	STREAM Project Booklet, LMS, printed/digital copies	Term 1	30 October	100% of groups complete required booklet sections.	Students improve planning, teamwork, and marketing understanding.	Booklet review, checklist	Completed booklets LMS submissions
Provide short classroom mentoring moments to follow up with each group and refine the business idea.	Grade 9 and 10 students	Laila Saleh	Feedback provided during mentoring moments.	Feedback notes, mentoring checklist	Term 1	30 October	Each group receives guidance before submission.	Students improve quality of project concepts.	Teacher feedback, mentoring notes	Feedback records, project drafts

First Review Date: Mid-Term 1	Second Review Date: 30 October 2026
--------------------------------------	--

Modified Procedures (Any Adjustments for Implementation): Provide additional classroom support for groups needing help clarifying their idea, target audience, value proposition, or marketing concept.	Modified Procedures (Any Adjustments for Implementation): Adjust documentation or timing based on student readiness and school calendar requirements.
--	--

Inspection and Evaluation Framework Standards (Irtiqa'a) (Select the appropriate standard for the goal)	1 Quality of Student Achievement	2 Quality of Personal and Social Development and Innovation Skills	3 Effectiveness of Teaching and Assessment Processes	4 Quality of Curriculum
	5 Quality of Student Protection, Care, Counseling, and Support	6 Effectiveness of School Leadership and Management		

Strategic Objective of the MOE's Operational Plan: Alignment of education outputs with future skills and advancement of the quality and efficiency of educational institutions and employees. MOE's Operational Plan Performance Indicators: At least 80% of lesson planning links innovation, future skills, and inquiry-based learning; 80% of teachers implement integrative projects between subjects; 90% of teachers provide feedback based on evaluation.	Supporting Data: After developing initial entrepreneurship ideas, Grade 9 and 10 students need practical support in marketing communication, persuasive language, customer needs, and pitch structure. Vision to Venture Workshop connects Business Studies with English communication skills and guides participants in turning ideas into clear marketing plans.
---	--

Project/Activity Title: Vision to Venture Workshop Brief Description of the Project/Activity: A practical Term 2 workshop under the English Department. Grade 9 and 10 students, selected parents, and community participants complete guided activities on the marketing mix, target market, persuasive language, and basic pitch writing to support entrepreneurship project development.	SMART Objective2: By 4 February 2027, at least 85% of participating Grade 9 and 10 students and workshop participants will complete a mini marketing plan or pitch outline using the marketing mix and clear business vocabulary during the Vision to Venture Workshop.
--	---

Team Leader: Laila Saleh	Team Members: Grade 9 + Grade 10 English Teachers

Inspection and Evaluation Framework Standards (Irtiqa'a) (Select the appropriate standard for the goal)	1 Quality of Student Achievement	2 Quality of Personal and Social Development and Innovation Skills	3 Effectiveness of Teaching and Assessment Processes	4 Quality of Curriculum
	5 Quality of Student Protection, Care, Counseling, and Support	6 Effectiveness of School Leadership and Management		

Strategic Objective of the MOE's Operational Plan: Alignment of education outputs with future skills and advancement of the quality and efficiency of educational institutions and employees. MOE's Operational Plan Performance Indicators: 90% of teachers implement innovative and creative projects, programs, and activities; students participate in programs and activities inside and outside school; schools provide guidance and support that empower students.	Supporting Data: The program sustains the impact of entrepreneurship learning by transferring knowledge from student to student. Selected Grade 9 and 10 students develop leadership, public speaking, responsibility, and peer-learning skills by introducing younger students to entrepreneurship in a simple and engaging way.
--	---

Project/Activity Title: Entrepreneurship Ambassadors Program Brief Description of the Project/Activity: A Term 3 student leadership program where selected Grade 9 and 10 students are trained as Entrepreneurship Ambassadors to deliver short awareness sessions to younger students about entrepreneurship, project ideas, teamwork, and business thinking.	SMART Objective4: By 29 April 2027, at least 10 selected Entrepreneurship Ambassadors from Grades 9 and 10 will deliver short awareness sessions to younger students, with at least 80% positive feedback from participating students.
